

Pre-Bid meeting queries replies for the work “Diversion of Pawaka Drain from Peshawar Airport towards University Road through old Bara Road and Abdara Road existing drain

A pre-bid meeting was conducted on 3rd July 2024 for the construction of DIVERSION OF PAWAKA DRAIN FROM PESHAWAR AIRPORT with contractors.

The Following are the queries and their responses.

Sr. #	Query from Contractors	Reply from WSSP
1	Introduction	The Manager Procurement welcomed all the participants, and they were briefed about the bidding process through E-PADS. It was also clarified that no bid will be accepted manually.
2	Bid Security	The contractors were informed that the original CDR of bid security 2% and 10% should be dispatched in a sealed envelope before the bid opening date and time to WSSP.
3	Duration of the project	The duration of the project is 10 months
4	Transportation of material	Transportation of material will take as per the actual distance
5	Section of the drain	Drawings of the sections of the drains were explained to the participants
6	Map layout of the route of the drain	A complete map of the route of the drains was explained and was shown on the map
7	Diversion of the Drains	As mentioned in the BOQ, the contractor will submit a plan of the diversion of the drain before execution
8	Extension of Bid submission time	The contractors requested the extension of the bid submission time; however, the request was not entertained due to the nature and urgency of the project. Hence, the submission time of the bid remained unchanged.

The meeting ended up with a vote of thanks.
